&lt;p>The game Americans call "Mexican Train" is originally a variation on the Chinese jigsaw puzzle called Pai Gow, which means "make nine", and uses 32 tiles or dominoes. Pai Gow predates the game of dominoes, which was introduced to the United States by Chinese immigrants in the mid-19th century. The game of Pai Gow is said to have been invented in the Song Dynasty, which began in China in 960 A.D. Why is it called Mexican Train? -Callie demetnians
