Flags is a thinking game where you are presented with

a random flag, and you must guess which country it belongs to. There are six main game modes: 60 Seconds (get as many flags correct as possible in 60 seconds)

The game will display a flag and you will choose one of the countries listed below as potential answers. The second game mode works similarly but in reverse: The game will show you a country name and present you with three flags to choose from. The quicker you answer, the more points you will earn.

And the more questions you get right without failing, the higher your score can be. What's your streak in Flags? Share the game with your friends and have a fun competition!

How to play Flags?

If you are a COD player, you already know the fact that COD Mobile has two main modes which are multiplayer (MP) and battle royale (BR). BR matches were first introduced in order to keep leaderboard players busy running so many 20-minute BR matches to grind up so fast and level up.
