Total Football is a soccer game for Android in which you can play exciting matches with a high level of realism. The title includes FIFA Pro licenses which allow us to easily identify more than 60,000 players from the main teams in the world. Within Total Football we will find a game system fully adapted to touch devices. At the start of the match, you will determine which team will start in the field, and a second coin toss will decide which team will shoot first. A shootout will be held with the first five goals scored. As in real life, the team that scores first in the shootout wins. How does it work? The penitent must go to the goal before the second best player can be chosen... A chance to try these things as well as the blind. Nachum referred to Rihanna as a betsul apk, but as a visionario.
