The simple answer is no, as you probabl
y expected. A very few games (like Half Life Alyx) have been modded
to allow play without a headset but they are clunky, rare and still require a c
apable PC, which it doesn't sound like you have. If you desperately need VR
hat in your life, you'll need a headset.

Some VR games allow players to play w
ithout a VR headset, for instance, Star Trek Bridge Crew or Rec Room but most ot
her VR games will not allow this, for instance, Job Simulator or Beat Saber beca
use they would basically have to make a 2nd game because of the control integrat
ion (keyboards, mice).
