About game Age Of War

Well, to be honest, the name of the newest Age of War game, whose main  
objectives are to defend your own kingdom and vanquish the opposition, is ve  
ry lame. Let's attempt to explain our reasoning. The answer is straightf  
orward: after beginning the battle, we got so engrossed in it that we spent an h  
our or so working to solve the puzzle. What drew us in so strongly that it w  
as challenging to leave. The first is enjoyable since it introduces you to a  
musing characters who are struggling to survive. The second is that we gradually  
moved into the era of knights after the battles of primitive people with th  
e aid of everyday weapons like sticks and riders on dinosaurs, then there wa  
s the era of musketeers, the era of common warriors with machine guns, the era  
of tanks, and the final era - space warriors!

You have a set amount of money at your disposal, which you can empl  
oy to build a sizable or merely numerical army. Additionally, there will be thre  
e different sorts of soldiers in every era save the last two, and four to fi  
ve in the latter two. Tanks and super warriors will be present in the latter  
.
